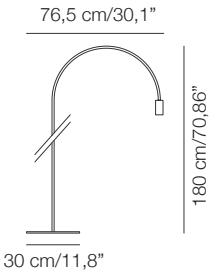
Lunatica Arc Floor
Modular lamp family

Designed by Elia Mangia

Lunatica is a chameleon-like family of lamps comprising 4 forms that can be assembled freely to create a virtually infinite series of compositions. The base element, that contains an E27 lamp holder, can be used independently or covered using three lampshades with different forms and colours, allowing Lunatica to take on an infinite variety of appearances and making it adaptable to the most diverse environments and atmospheres. The Lunatica collection comprises suspension and floor lamps.



Lunatica Floor Arc lamp
Basic element

Material Powder coated iron

Weight 5,50 Kg

Bulb 1x E27 MAX 28W dimmable/ not included

Voltage/frequency 220-240 V / 50 Hz

Certificate CE

Specifications IP 20, class II

Included Led dimmer, european plug, 2 m fabric cable
