Designed by Elia Mangia

Angel table lamp is a perky and informal table lamp. By combining balance and expressiveness, this lamp adapts to all environments, bringing a touch of light-hearted verve.

Made from powder-coated metal, Angel has an E27 lamp holder, which can house the most appropriate bulb for your space.

Angel table is available in the basic version, with a visible light bulb for direct lighting, and in the L version, featuring an elegant circular lampshade that screens the light and provides indirect and ambient lighting. Both versions are available in 9 striking colours.
